

Kenshin
Since 1990

Dr. Riter's REAL-EaSE® **- Product Piracy Warning -**

Dr. Riter's REAL-EaSE®, like most successful products with an established brand is copied and has pirated versions being sold on the Internet by companies that make an inferior version without any understanding of the health aspects or scientific principles of the real thing.

Kenshin Trading is the original and only manufacturer of the REAL-EaSE neck support product for world wide distribution.

Look for the Kenshin hologram and QR code for the authentic product information:

Visit our website www.kenshin.com to see if you are getting the 'real' REAL-EaSE.

Now, we have a **NEW & IMPROVED** design of our own original model. Our Improved REAL-EaSE is far different from imitations.

Warning! Beware of imitations. These inferior products do not work in the same manner and have no regard to scientific, health principles involved in the genuine REAL-EaSE.

We appreciate and thank you for continued support!
